PROFESSIONAL PROFILE

A highly motivated Diploma in Information and Communication Technology (ICT) student with a strong interest in software development, web technologies, IT support, and networking. Skilled in HTML, CSS, JavaScript, C, C++, MySQL, Microsoft Access, Git/GitHub, computer hardware maintenance, networking, and database management. Seeking an industrial attachment opportunity to apply technical knowledge, gain practical experience, and contribute to organizational success.

TECHNICAL SKILLS

Programming: JavaScript, C, C++

Web: HTML5, CSS3, Responsive Design, DOM Manipulation, Local Storage

Databases: MySQL, Microsoft Access, Microsoft SQL Server

Networking: IP Addressing, Subnetting, Cisco Switches & Routers, Ethernet Cable Crimping

IT Support: Windows & Office installation, Printer/Scanner setup, Hardware troubleshooting, TeamViewer remote support

Tools: Git, GitHub, Visual Studio Code

PROFESSIONAL EXPERIENCE

ICT Attaché

Mwea Rice Growers Multipurpose Co-operative Society Ltd.

September 2025 – November 2025

Configured network connectivity and internet access; crimped Ethernet cables; installed Windows, Microsoft Office and SQL Server; installed printer drivers and scanners; printed payslips; backed up and restored databases; performed farmer management data entry; troubleshooted printers; configured Cisco switches and routers; implemented IP addressing and subnetting; provided remote support using TeamViewer; delivered customer service and ICT support.

PROJECTS

Bite-Bridge – Food Ordering & Management System

Developed a responsive food ordering system using HTML, CSS and JavaScript with login, cart, admin functions and Local Storage.

Hotel Reservation System

Built using HTML, CSS, JavaScript and MySQL featuring room booking, customer management and reservation tracking.

Programming Projects

Developed several applications in JavaScript, C and C++ managed with Git and GitHub.
